Boost your outdoor living budget

SwimmingPool.com has partnered with LightStream to help you obtain financing up to $100,000, quickly and at low rates.

The LightStream loan is an unsecured, fixed-rate loan with no home equity requirements.

How LightStream stands out from other lenders

- Loans from $5,000 to $100,000, with no down payments.
- Apply in minutes. Same day funding available.[1]
- Flexible terms. Simply select the terms that work best for you and your budget.
- No fees. No prepayment penalties.

How can I use my LightStream funds?

You can use your LightStream funds for any home improvement expense that you choose. Money can be used for your whole project, from pool, deck, outdoor furniture, outdoor lights, sound system and TV. You're in control of your LightStream loan and how you use your funds is up to you.

Are there any fees?

There are no fees, processing charges, or prepayment penalties.

What does no staged funding mean?

Some lenders release funds in stages, after you send pictures of your project's progress. Not LightStream. You choose your funding date, and it can even be the same day[1] – no progress photos required.

What are LightStream's rates and terms on home improvement loans?

All current rates and payment terms are displayed online. LightStream's home improvement loan rates are based on loan amount, loan terms, and the customer's credit profile.

Does LightStream pay the contractor directly?

LightStream directly deposits the funds for the entire approved amount into your bank account, making you a cash customer. Once approved, you have up to 90 days to schedule your funds to be deposited before the approval expires.
